

PAC Payroll Deduction Makes Giving Easy

Set up a payroll deduction program at your company

Payroll Deductions Are the Easiest Way to Commit to Our PAC's Continued Success

Please consider setting up a PAC payroll deduction program at your company. Payroll deductions are simple to set up and manage, and they equip your team to invest at whatever level they can afford. Most importantly, they help us grow the number of donors who contribute to TLTAPAC – strengthening the PAC's sustainability.

Here's how the payroll deduction program works:

Please contact **Paula Thomas** at TLTA and she will walk you through each step in more detail. 512.879.2892 or paula@tlta.com.

1. Each participating employee fills out a payroll deduction authorization form provided by TLTA.
2. Set up the deductions in your payroll system.
3. Send a list of employee names and contribution amounts to TLTA.
4. Cut a monthly check to TLTAPAC for the payroll deducted contributions.
5. Each individual is recognized for the total annual contribution on our website.
6. Once set up, it's easy to manage on a monthly basis.
