## **Doma Title Insurance, Inc. names Clay Arthur as Agency Manager for North Texas region**

**MIAMI – February 8, 2024** – Doma Title Insurance, Inc. (fka North American Title Insurance Company) has appointed Clay Arthur as agency manager for its Texas region. In this role, he will connect the company’s North Texas independent agency base with the tools, information and underwriting resources they need to successfully grow their market share in the region.

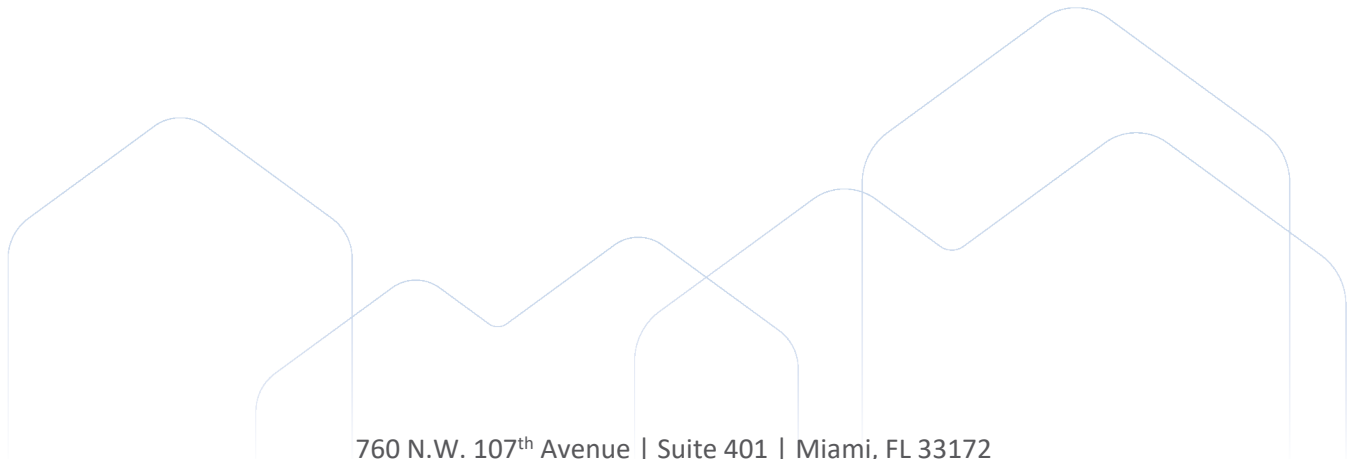

A second-generation title professional, Arthur worked for Union Pacific Railroad for more than 16 years in the early part of his career, which provided a foundation for strong leadership skills. In 2017, he partnered with his family to help launch and manage Arthur Heating and Air, and later gravitated to the title insurance industry. Most recently, he worked in business development for a Texas-based independent title agency.

“Clay’s entire career has been focused on providing a great customer experience, no matter what position he has held within his companies,” said Ashleigh Spruell, Assistant Vice President, Texas Regional Agency Manager for Doma. “His most recent experience working in sales for an independent title agent has given him firsthand knowledge of what real estate agent and lender clients are looking for in their title agent partners, and he is a master at helping devise business strategies to help his clients more effectively meet those needs.”

Arthur said he chose to join Doma because of its forward-thinking approach to leveraging technology to streamline title processes and simplify real estate transactions. He was also attracted to Doma’s emphasis on providing swift underwriting response to its agents, a company-wide priority that has created an unparalleled and streamlined process to get real estate transactions closed faster for all of its agents.

“In my role as agency manager, I will combine the incredible technology and resources unique to Doma with my own passion for business planning and coaching to help my agents find new, innovative ways to provide cutting-edge services to their real estate agents and loan officers,” Arthur said. “Service is king in the title world, but being able to capitalize on Doma’s technology offerings to rethink how those service channels can be improved upon is a true game-changer for independent agents.”

Arthur is a member of the Texas and Oklahoma Land Title Associations and the American Land Title Association. He is located in Dallas/Fort Worth and can be reached by email at [clay.arthur@doma.com](mailto:clay.arthur@doma.com).

or by telephone at (469) 346-6031.
