

## Join PRIA in Austin

The Property Records Industry Association (PRIA) will host its Winter Symposium in Austin, February 24-27, and you are invited!

Because PRIA values the participation of the title industry, **member registration rates** (\$395 early rate) are being extended to members of the Texas Land Title Association and their staffs.

The conference is a combination of general sessions on topics of interest for both recorders and businesses, with breakout meetings where small groups allow everyone to get involved in the conversation. Some sessions are plenary, while others offer a choice of topics from which to select.

A small sample of the general sessions:

- ✓ State of the Redaction Movement Around the Country
- ✓ The Anatomy of a Ransomware Attack
- ✓ Real Property Fraud - Protection & Prevention
- ✓ Who's On First - Deconstructing an Electronic Mortgage

Registration materials are available on the [PRIA website](#), along with a complete schedule. There is also the option for a one-day only registration. The deadline for early bird registration is January 24.

Hotel reservations can be made at the overflow property, TownePlace Suites by Marriott [online](#). The PRIA room rate is \$139, plus applicable taxes.

There will be social activities each evening, with a Texas-themed reception on Wednesday evening, February 26 (included with the registration fee), where you can get to know recorders from across the country, along with many business partners representing the industry.

**Plan to attend!**
