# ***RamQuest Gives Back to Austin Habitat for Humanity***

**Plano, Texas, November 8, 2019** – In its ongoing initiative to support local charities and nonprofit organizations, RamQuest, a leading title and settlement solutions provider for the land title industry, raised \$1,540 for Austin Habitat for Humanity as part of the company's ALTA ONE participation in October.

During the ALTA ONE Annual Convention in Austin, Texas last month RamQuest rallied conference attendees in an effort to support this deserving organization. The more traffic at the RamQuest exhibit hall booth, the more the company's donation to Austin Habitat for Humanity grew. Every booth visitor and returned direct mail response card helped. In addition, for every product demonstration delivered during the conference, RamQuest incrementally increased the donation.

"RamQuest partnered with Austin Habitat for Humanity during a recent trade show held in Austin," said Phyllis Snodgrass, CEO of Austin Habitat for Humanity. "By showcasing the work of Austin Habitat, RamQuest was able to demonstrate their corporate commitment to making a difference while raising funds to support affordable housing in our community. We are immensely grateful for their support of Austin Habitat and for the families in our community in need of a decent place to call home."

The mission and vision of Austin Habitat for Humanity are anchored around a dedication to ending the cycle of poverty housing and the deeply held belief that everyone deserves a decent, affordable place to live.
