

Have an idea or an issue TLTA should study? Or is there something we need to provide more information on or education about? Please let us know!

If you have an idea, problem or concern that could potentially be addressed through communication or education, related industry outreach, or regulatory or legislative action, please let us know so that we can get it in front of our committees or board for study and consideration. Simply fill out the form below. All issues submitted will be reviewed. If you have any questions, please contact Aaron Day, at 512-472-6593 or aaron@tlta.com. Thanks in advance for helping us better serve you!

Date

Submitted By

Problem/Idea

Please give a description of the problem or issue you are interested in addressing

Background/History

Please provide as much detail as possible regarding the issue including who is affected and how.

Solution

What action do you think should be taken? Please be specific about what area of the regulations or statutes should be addressed.
